

Christmas Craft

1 Cut out the pattern below. Use the pattern to cut out two stocking shaped pieces of felt. Save the pattern for Step #3.

2 Sew or glue the two pieces together along three edges, and stuff with cotton batting. Then sew or glue the remaining edge.

3 Cut your paper pattern into three or four pieces. Use those pieces to cut out smaller pieces of felt, in different colours.

4 Glue or sew those pieces onto your stocking.

5 Decorate your stocking with odd buttons, scraps of ribbon, or any other materials you have!

What you need:

- Large pieces and scraps of felt, in different colours
- Embroidery floss and needle OR craft glue (e.g. Weldbond)
- Cotton batting
- Buttons/ribbon or any other scrap decorative materials
