

General Information

Many programs are designed for use with grade 3 Social Studies Heritage and Identity: Communities in Canada, 1780-1850. Additional curriculum connections also enrich the experience to make these suitable for split students from kindergarten to grade 4.

Cost for any one program is \$5/student (HST incl., minimum charge is for 10 students, maximum 50 students). Teachers and parents are free.

Each program is 2 hours in length.

Moore Museum has ramp access and accessible washroom facilities.

*Have a specific topic in mind?
Just ask!*

We'd be happy to do our best to accommodate your needs.

Ask about our Resource Kits!

The perfect thing to accompany your visit! Rented for 1 week periods, these kits allow you to bring the fun learning experience of the museum right into your classroom!

MOORE MUSEUM

Educational Programs

*Where history lives, and
stories begin...*

The Working Village

Exploring the roles that shaped pioneer life

A guided tour of the entire heritage village gives your students the opportunity to learn about the life and work of the settlers. Visit the homes, general store, blacksmith shop, railroad station, historic chapel and more, followed by hands-on activities.

Victorian Children: School & Home

The work, the play, and the wonder of a childhood long ago

Step back in time to experience the daily life of a Victorian child. Begin in the cozy Victorian Cottage, where you'll discover how children dressed, and spent their free time at home. Then, head to the one-room schoolhouse to try your hand at a lesson on a slate board—just as students did more than a century ago.

Festive Roots

How holiday traditions crossed oceans and found new homes

Journey through time to discover the origins of familiar holiday customs. Explore how settlers from around the world brought their cherished traditions to North America, blending old and new to create the celebrations we know today. Then, join in the fun by pulling taffy—a sweet treat from the past—and making a festive craft to take home, just as children once did during the holiday season.

Pioneer Days, School, Home & Hearth

Where history comes alive through work, learning, and craft

Discover the rhythms of life in an early settler community. Students will take lessons in a one-room schoolhouse, tour a log cabin to learn about the daily chores of children and parents, and finish the day by hand-dipping their own candle to take home.
